

WAI to Talent

Scaling Your GCC... but falling
behind on skills?

The real challenge isn't hiring
It's knowing *what skills you'll need next.*

Problem

The Problem: No Visibility into Future Skills

No clarity on upcoming skill demands

Hiring happens too late

Teams aren't ready for evolving tech (AI, GenAI, cybersecurity)

Upskilling efforts feel random, not strategic

Solution

The Solution: Predict. **Prepare.** Perform.

With wAI to Talent, GatewAI helps you stay ahead:

- Forecast future skill gaps with AI
- Map current workforce capabilities (Talent Trail)
- Get clear upskilling & reskilling paths
- Align talent with future business needs

Build a **workforce that's ready** before
the demand hits.
